The screenshot shows a web application window titled "CashierForm". At the top right, it displays "Cashier: **Nguyen Hoang Phuc Huy**" and a "Log out" button. Below this is a "Find" section with a "Product ID:" input field containing "FAG", a "Quantity:" input field containing "10", and an "Available: 10000" label. To the right of these inputs is an "Add to Cart" button. Below the "Find" section is a "Cart" section containing a table with columns: Product ID, Name, Price, Quantity, and Sub total. The table body is currently empty. To the right of the table is a sidebar with several sections: "Cart action" with a "Remove item" button, "Reset cart" with a "New Cart" button, and "Bill" with "Create order", "View Bill", and "View Product" buttons. At the bottom right of the sidebar is a "Total:" label. Red arrows point from the text annotations to the following elements: the "Product ID" and "Quantity" input fields, the "Add to Cart" button, the staff name "Nguyen Hoang Phuc Huy", the "Log out" button, and the empty "Cart" table.
